### DETAILED ACTION

This action is responsive to communication filed 10/30/07.

#### ***Allowable Subject Matter***

1. Claims 1, 2, 3-7, 8, 9, 10 and 11 (renumbered claims 1, 7, 2-6, 8, 11, 9 and 10, respectively) are allowed.
2. The following is an examiner's statement of reasons for allowance for independent claims 1, 2, 8 and 9. Regarding claims 1 and 2 the prior art fails to disclose setting component identifying information for identifying a component and information for identifying a specific substrate on which the component is mounted when processing of replacing or replenishing the component is executed in the mounting step. These features in combination with other features are not taught in the prior art. Regarding claims 8 and 9, specifically the feature of the entering part for entering a character string to be printed on each component is absent from the equipment. This feature in combination with other features is not taught in the prior art. Claims 3-7, 10 and 11 depend on claims 1 and 8. Therefore are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
